

Want to participate in a survey about **cannabis** use and symptoms in patients with kidney disease?

- The health benefits of **cannabis** in patients with kidney disease are unknown
- We are studying **cannabis** for the treatment of symptoms related to kidney disease
- **A survey designed by patients for patients** to:
 - collect information about cannabis use for symptom relief in kidney disease
 - see if there is interest for clinical trials for cannabis in kidney disease
- Participation is anonymous and all responses are confidential
- The survey will take approximately 5-10 minutes to complete
- Please visit <https://www.surveymonkey.com/r/TCCWJFX> or talk to a member of the kidney research team to get a paper copy of the survey that you can mail in with a postage paid envelope
